Internship Opportunity

Our company is installing a new water treatment plant in Cagliari, Italy with various processes like multimedia filtration, reverse osmosis, activated carbon filters, etc. connected together with complicated piping and electrical wiring.

Start of Internship: July 12, 2021 (could possibly be pushed back 2 weeks)

Duration of Internship: 3 months

Requirements:

- Fluent in English
- Fluent in Italian
- Studying engineering (mechanical, civil, or chemical preferred)
- Interested in water treatment
- Able to communicate effectively
- Be a registered student at the University of Cagliari

Tasks:

- Collaboration with engineers for planning
- Cooperation with purchasing department for contacting companies in Sardinia
- Translation of technical documents from English into Italian
- Presence on the work site in Assemini

Interested applicants should send an e-mail to daniel.chou@euwa.com with a resume and a short explanation of why they would like to take part in this internship by no later than June 14.
