### Step 4: Enrolment procedure

The system will retrieve the information in its possession, and will ask you for further information, for example if you have any disability or your employment status (this is not relevant for enrolment in PhD programmes, so you can choose either a part-time or full-time programme).

If your personal data are not correct, click on 'Modifica' and change them.

If your personal data are correct, select 'Conferma' to enrol in the PhD programme.

You will be required to provide identification (ID) information and to upload a scanned copy or photo of a valid passport (front-and-back color copy of your passport, with a clear photo).

If it's not available immediately, you will be allowed to upload it after the completion of the online procedure.

The enrolment procedure will be completed upon verification by the PhD and Professional Master Office of your ID/Passport copy.

You will be also required to upload a recent passport-size photo of you (single file, max 1MB, bitmap or jpeg format).

If it's not available immediately, you will be allowed to upload it later (Select: Home > foto > upload foto > find the photo file in your PC > upload > avanti).

In the end, you will be required to upload your filled in and signed self-certification in PDF format (portable document format, max 1 MB): *Home-Segreteria-Allegati carriera*.

Click on '*Stampa domanda di Immatricolazione*' to have your enrolment application form printed, and save it.
