F) RESEARCH PROJECTS

Mainly focused on pharmacological treatment and sex and gender differences in alcohol use disorder using, in the early years, preclinical models, then, in collaboration with clinical centers, participating in clinical trials and meta-analytic analyses. The main projects are listed below.

- Since 2024 Participation in the update of The British Association of Psychopharmacology Substance Use Guideline.
- 2022 to 2024 Participation in a multidisciplinary research group that is dedicated to the evaluation of the efficacy of pharmacological treatment in the treatment of alcohol use disorder in collaboration with the McLean Hospital and Department of Psychiatry, Harvard Medical School, Belmont, USA (Carl Lin), the Addictions Research Group, Hospital Clínic Barcelona, Barcelona, Spain (Hugo López-Pelayo, Pol Bruguera, Antoni Gual), the National Defense Medical Center, Taipei, Taiwan (San-Yuan Huang), and the Department of Psychiatry, University of Pittsburgh, Pittsburgh, PA, USA (Marta Pecina).
- 2021 to 2023 Collaboration in a project aimed at identifying priorities in the diagnosis and treatment of

Roberta Agabio - Curriculum Vitae

patients with alcohol use disorder and autism with the Department of Psychiatry, Faculty of Medicine, University of Southampton, UK (Julia Sinclair).

- Since 2018 Principal Investigator of a research group aimed at evaluating the efficacy of pharmacological treatments in the treatment of alcohol use disorder using a meta-analytic approach in collaboration with the National Institute on Drug Abuse and National Institute on Alcohol Abuse and Alcoholism, National Institutes of Health, USA (Lorenzo Leggio), the Department of Psychiatry, Faculty of Medicine, University of Southampton, UK (Julia Sinclair) and the Department of Epidemiology, Lazio Regional Health Service, Rome, Italy (Silvia Minozzi)
- Since 2021 Principal Investigator of a multidisciplinary research group aimed at investigating alcohol as a risk factor for breast cancer. The project obtained funding from the Fondazione di Sardegna in 2021 ("Alcohol and other modifiable risk factors for breast cancer: a project aimed at increasing their knowledge among the female population"). Since 2024, collaboration on the project "Alcohol and other modifiable risk factors for breast cancer: upgrade of the Alla salute App" funded by the Fondazione di Sardegna (PI: Claudia Sardu) protocol U878.2024/AI.858.PL
- Since 2016 Principal Investigator of a research group aimed at investigating gender differences in alcohol use disorder in collaboration with the Department of Biomedical Sciences, University of Sassari (Flavia Franconi; Ilaria Campesi).
- 2015 to 2016 Principal Investigator of a research group aimed at evaluating the efficacy of drugs, approved (disulfiram) or in the experimental phase (oxytocin) for the treatment of alcohol use disorder, in the treatment of Binge eating disorder and thiamine deficiency, frequent in patients with alcohol use disorder, in cancer patients, in collaboration with the Clinical Nutrition Center, Department of Medicine (Giulia Farci), University of Cagliari.
- 2014 to 2017 Principal Investigator of a research group focused on investigating the efficacy of oxytocin in the treatment of pain. The project was carried out in collaboration with the Pain Therapy Department, Brotzu Hospital, Cagliari (Sergio Mameli).
- Since 2012 Collaboration with the Department of Medical Sciences and Public Health, University of Cagliari (Paolo Contu, Claudia Sardu, Alessandra Mereu) to investigate the frequency of alcohol consumption in the regional context.
- 2002 to 2007 Collaboration with the Department of Medical and Surgical Sciences Abdominal and Metabolic Endocrine, Catholic University of the Sacred Heart of Rome (Giovanni Addolorato) in a project aimed at investigating the efficacy and safety of baclofen in the treatment of patients with alcohol use disorder.
- Since 1994 Collaboration with the Institute of Neuroscience, CNR, Cagliari Office (Gian Luigi Gessa; Giancarlo Colombo) in several research projects mainly focused on the study of the neurobiology and pharmacology of alcohol use disorder using preclinical models.

I) PARTICIPATION IN INTERNATIONAL CONFERENCES

Organization of symposiums, round tables and congresses

Organizer of the following international symposiums, round tables and congresses:

1. 2025: Co-Chair "Progress in gender-sensitive dependence care", 33rd European Congress of Psychiatry (EPA), Madrid, Spain, 5-8 April 2025
2. 2023: "GABAB Receptor and Alcohol Use Disorder: Preclinical and Clinical Update", 19th Congress of the European Society for Biomedical Research on Alcoholism (ESBRA), Graz, Austria, 31 August - 3 September 2023
3. 2020 – 2021: "Postgraduate Course" (Addiction Side), 18th Congress of the European Society for Biomedical Research on Alcoholism (ESBRA), Timisoara, Romania
4. October 7-9, 2021: Co-Chair of the "Post-Graduate Course" Committee (Addiction Side), 18th Congress of the European Society for Biomedical Research on Alcoholism (ESBRA), Timisoara, Romania
5. 2018-2019: "GABA-B receptor as new pharmacological targets for the treatment of alcohol use disorder: yesterday, today and future", Round Table, for the 42nd Scientific meeting of the Research Society on Alcoholism (RSA), Minneapolis (USA)
6. June 24, 2019: Co-Chair "GABA-B receptor as new pharmacological targets for the treatment of alcohol use disorder: yesterday, today and future", Round Table, 42nd Scientific meeting of the Research Society on Alcoholism (RSA), Minneapolis (USA)
7. 2018: "Baclofen as a Pharmacotherapy for Alcohol Use Disorder: Pros and Cons", Round Table for the Congress "2018 GABAB receptor conference", Cagliari (CA)
8. May 24-25, 2018: Co-Chair "Baclofen as a Pharmacotherapy for Alcohol Use Disorder: Pros and Cons", Round Table at the "2018 GABAB receptor conference", Cagliari (CA)
9. 2017: "2018 GABAB receptor conference", International Congress, Cagliari
10. 2008: "ESBRA Nordmann Award Meeting", International Congress of the European Society for Biomedical Research on Alcoholism (ESBRA), Cagliari (CA)

Invited Presentations

Speaker of the following invited presentations at international conferences:

1. April 7, 2025: "Excessive Alcohol Consumption, Alcohol Use Disorder and Women", 33rd European Congress of Psychiatry (EPA), Madrid, Spain, from 5 to 8 April, 2025 33rd European Congress of Psychiatry
2. July 24, 2024: "Women and Alcohol Use Disorder", XXXVIIIth International Congress on Law and Mental Health, Faculty of Law, University of July 22nd – 26th 2024 Barcelona, Spain.
3. October 27, 2023: "Efficacy and safety of baclofen in withdrawal and maintenance of abstinence treatment", 16th International ATHS Congress and Regional Congress of the WADD", Biarritz, France.
4. August 31, 2022: "ALC1: In adults with alcohol dependence post-detoxification, is baclofen effective for
