---

In the dental practice, I perform, with the aid of magnifying systems, professional hygiene services such as tartar removal, polishing, fissure sealing, topical applications of remineralizing products and management of enamel discoloration, scaling and root planing treatments and maintenance in periodontal and implant patients.

Personalized home oral hygiene instructions. I use the airflow system with glycine or erythritol.

ÿ **DENTAL PRACTICE OF DR. ENRICO CODONESU AND DR. VALENTINA MARRAS – SELARGIUS, ITALY**

**DENTAL HYGIENIST – 01/16/2023 – CURRENT**

---

Inside the dental office I perform, with the aid of magnifying systems, professional hygiene services such as tartar removal, polishing, fissure sealing, topical applications of remineralizing products, personalized instructions for home oral hygiene. I also use the GBT system with glycine or erythritol, but with the Mectron machine.

I mainly follow adult and child patients who undergo fixed and mobile interceptive orthodontics and fixed orthodontics and Invisalign treatments.

**DENTAL HYGIENIST – 19/01/2023 – 10/08/2023**

---

In the dental office I perform, with the aid of magnifying instruments, professional hygiene services such as scaling, polishing, fissure sealing, topical applications of remineralizing products, personalized home oral hygiene instructions, motivation, scaling and root planing. I also use air flow with glycine or erythritol.

I treat both adult and child patients, from the first sealants in children to periodontal classification in adult patients.

• ARAFORM SRL – CAGLIARI, ITALY

**TEACHER IN PROFESSIONAL COURSES FOR ASO – 11/30/2021 – CURRENT**

---

**Responsible for the "Role Orientation" module.**

My goal is to teach my students how to approach work in a dental office, to learn teamwork and the importance of competence, professionalism and empathy, which are the qualities that every ASO should acquire.

**Responsible for the Elements of Commodity Science**

**module** In this module I instruct students on the materials used in dentistry and their characteristics.

The students I worked with appreciated above all my availability and competence, I learned that transmitting one's skills and passions gives enormous satisfaction.
