## Experience

### **September 2023 to date**

Organizational Function Assignment - Coordination of the Operational Unit SC Hospital Radiology ASL Cagliari  
Resolution n: 518\_ OF 04/09/2023

### **April 2004 – September 2023**

Coordination role (formerly Chief Technician ) of the Radiology Unit of the Santissima Trinità Hospital in Cagliari

### **2020 – in September 2023**

Coordination role for the Hospital Radiology Unit C

Saint Joseph of Isili

### **2022 to September 2023**

Coordination assignment of the Radiology Unit C of the Microcitemic Hospital

### **2023 – to date**

Contract lecturer in Interventional Radiology *Techniques* and Advanced Imaging, TRMIR degree course for the University of Cagliari

### **2021 – 2022**

Contract lecturer in Senology *Techniques* , TRMIR degree course for the University of Cagliari

### **From 2001 – to today**

Tutor and contact person for the students of the TRMIR degree course for the University of Cagliari

### **1993 – 2004**

Medical Radiology Technician, with employment in Mammography, Emergency Radiology and Operating Rooms - Collaboration as a Medical Radiology Technician, with the Urology Clinic of the University of Cagliari

Collaboration as a Medical Radiology Technician, with the Urology Clinic of the University of Cagliari

February 1993 – Medical radiology technician, fixed-term contract at the Sanluri Polyclinic

May 1990 – August 1992 Medical Radiology Technician at the ENTE SAS Studio Radiologico Ecografico REM in Cagliari

1986 – 1998 Freelance activity, as a Medical Radiology Technician, at the Diagnostic Medical Center of Dr. Carlo Saba in Iglesias

### Istruzione and Training

**1985**

- School for TSRM of the Local Health Unit n°17 of Carbonia

**2006**

- Master in Coordination Functions in Radiodiagnostics and Radiotherapy at the University La Sapienza of Rome

### Istruzione and Training

**2025 – participates as a student in the professional development in:**

The Manager for Health Safety (Art.37, paragraph 7 of Legislative Decree 81/2008 – State-Regions Agreement 21/12/2011 – State-Regions Agreement 07/07/2016)

**2024 – participates as a student in the professional development in:**

Patient safety, risk management and professional liability  
Safety and hygiene in the workplace and related pathologies. Radiation protection

PNRR-Training Course in Hospital Infections. MODULE B

**2023 – participates as a student in the professional development in:**

Telemedicine and Application Boundaries  
Optimization of Technical Acquisition Protocols in Diagnostic Imaging and Radiotherapy

**2022 – participates as a student in the professional development in**

- Communication, Digitalization and Telemedicine
- Diagnostic Imaging Safety under New Legislation
- The tools of professional health liability and technical consultancy (ATP, mediation/conciliation, role of the expert/consultant)
- Promoting physical activity in the community: evidence, strategies, communication skills and basic counseling
- Research Methodology for TSRM
- Organizational aspects, elements of governance and control and Project Management in Healthcare
- Communication, Digitalization and Telemedicine
- Covid-19 Infections: Variants, Epidemiology, Therapies, Vaccines and Containment Measures
- 19th National Congress TSRM - Innovation and Integration
- Lung Cancer: From Screening TO CUR

**2021 – participate as a student to professional development in:**

- From Legislative Decree 187/00 to Legislative Decree 101/2020. From the principle of optimization
- The Importance of Booster Vaccinations for Public Health
- Adenoma and aging in the patient with depression

- Biosecurity in healthcare
- The tools of professional health responsibility and technical consultancy

**2020 - participates as a student in the professional development in:**

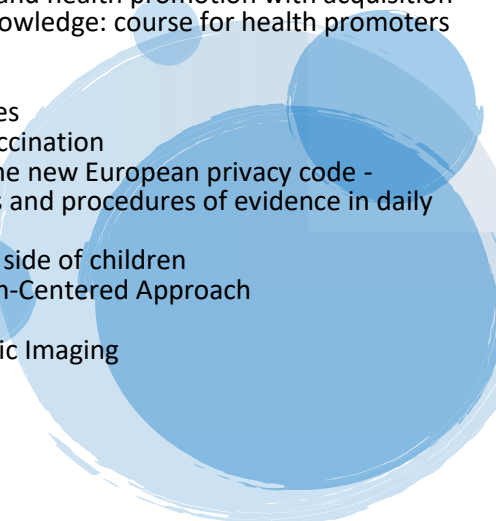

- Prevention and Fight against Gender Violence through the Territorial Network
- GIMBE COURSE: Methodology for Elaborating Guidelines
- Updates on the subject of Coronavirus Sars-Cov-2 infections
- Respiratory and Cardiovascular Compromisation in Covid-19 and Our Future: The Responsibility of the Doctor in Telemedicine
- The ketogenic diet: definition and clinical applications in the overweight patient
- Bladder Oncology: Innovation and Technology in Prevention, Diagnosis and Treatment
- Bacco Tabacco and Venere – analysis of cardiovascular risk factors, diagnosis and related therapies

**2019 participates as a student in the professional development in:**

- Overweight and complications in women
  - GIVE ME FIVE
  - Understanding and Treating Pain in Pediatric Age
  - 3D Technologies in Medicine
  - Introduction to Strategic Communication in Healthcare Professions
  - Top- Thoracic Oncology Peceptorship
  - Diagnosis and treatment of tumors in the elderly
  - Tumors in the elderly: between Assistance and Research
  - Treatment of Vulvo- vaginal Atrophy
  - Gelli Law – White
  - High-Dose Complementary Radiological Activities
  - The New Dimension of the Technical Health Professions of Rehabilitation and Prevention
  - Evolution of health professions: development of advanced and specialized skills
- 
- Practical course of Venipuncture for TSRM

**2018 participates as a student in the professional development in:**

- Privacy for the PA: instructions for use
- Complementary high-dose radiological activities
- Diagnostic Therapeutic Assistance Pathway (PTDA) K Prostate
- Stress and Burnout in Healthcare Professions
- Clinical-care diagnostic and rehabilitative pathways: Hodgkin's lymphoma
- Implementing culture and safety: general principles of donation and transplantation
- Epidemiology – prevention and health promotion with acquisition of technical-professional knowledge: course for health promoters – level 2
- Recognizing a rare disease
- Observational Clinical Studies
- Protecting from Flu with Vaccination
- GDPR: what changes with the new European privacy code - Application of the principles and procedures of evidence in daily practice based practice
- Nature & Wellbeing: on the side of children
- Working in a Team: a Person-Centered Approach
- Research Methodology
- Cardiac Imaging in Diagnostic Imaging

**2017 participates as a student to professional development in:**

- Clinical research conducted in good practice, in-depth analysis and application of reference regulations
- Urinary Tract Infections
- Medical Genetics Topics
- Non-technical skills for healthcare professionals
- Basic English Course for TSRM
- 17th National Congress "Awareness and Belonging"
- Intersecting diseases

**2016 participates as a student to professional development in:**

- Interactive Multidisciplinary Neurological Vascular Emergencies
- Workers' safety training Legislative Decree 87/08 - Healthcare - Basic Module
- Introduction to Systematic Counseling
- Home Automation Office – Microsoft Excel Basic
- Home Automation Office – Microsoft Word Base

**2015 participates as a student in:**

- Thrombotic Treatments and Territory
- Developmental Dysplasia of the Hip Updates
- High Relaxation Magnetic Resonance Imaging in Senology
- The culture of Radiation Protection in Radiology
- Treatment of Hypothyroidism in General Medicine: Awareness and Knowledge
- State of the Art of Interventional Radiology: New Developments in Tumor Treatment
- Role of imaging in gynecological pathology
- Teleradiology Overdiagnosis – Insurance in radiology

**2014 participates as a student in the professional development in:**

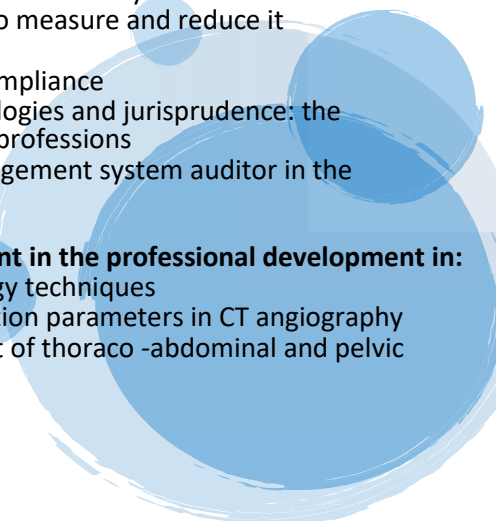

- Imaging in Oncology
- Management of Chronic Obstructive Respiratory Disease
- Breast Magnetic Resonance Imaging – Techniques and Procedures
- Lipid-lowering in patients at serious cardiovascular risk
- Dies Campanae – Health of the environment for health
- Clinical Physicians and Radiologist Doctors in the Emergency Department and Trauma Center
- Breast Cancer Update 2014
- Knowing how to be, knowing how to do, the TSRM today
- Worker's well-being

**2013 participates as a student in the professional development in:**

- From research to performance evaluation: challenges and opportunities for management and coordination
- What's new in interventional cardiology
- Use of imaging in the central nervous system
- Radiation dose in CT: how to measure and reduce it
- Microsoft Office
- Depression and Therapy Compliance
- Between ethics and deontologies and jurisprudence: the responsibility of the health professions
- Gain skills as a quality management system auditor in the healthcare sector
- 

**2012 he participates as a student in the professional development in:**

- 3rd update in neuroradiology techniques
- Contrast media and acquisition parameters in CT angiography
- Imaging in the management of thoraco -abdominal and pelvic trauma

- Emergency radiology – the responsibility of the TSRM
- Methodologies compared: the role of TSRM

**2011 participates as a student in the professional development in:**

- Musculoskeletal Diagnostic Imaging Congress
- Italy united in the fight against breast cancer - organizational models and screening reality in Italy
- National Conference GISMA Breast Screening
- 2nd update in neuroradiology techniques
- Rights and duties of the technical health professions, legal aspects
- Evolution of the profession
- CT acquisition protocols
- The role of the TSRM in the Operating Room

**2010 he participates as a student in the professional development in:**

- Professional updating and culture
- XII National Congress AITNR
- Competences and Activities of the Central Commission for Healthcare Professions
- Professional update and culture: the URO-GENITAL system

**2009 participates as a student in the professional development in:**

- Technical health area: common problems and objectives to share
- Diagnostic imaging potential: limits guidelines
- Rhinosinusal pathology , from diagnosis to therapy
- Professional culture and update Knowledge 2009
- Quality Control in Radiology, Roles and Responsibilities

**2008 participates as a student in the professional development in:**

- Updating and professional culture Updating 2008
- Diagnostic imaging in MRI
- Military health, civil protection, volunteering: another frontier for the TSRM
- Ultrasound: professional experiences compared
- Let's put the profession in order: 13th National TSRM Congress
- Management in healthcare
- Professional culture and update Knowledge 2008
- Radiological Techniques in the Operating Room

**2007 participates as a student in the professional development in:**

- The reform of the intellectual professions
- Breast diagnostics
- The heart in diagnostic imaging
- Joint MRI
- Digital Radiology
- Angio -CT
- Radiation protection and safety in MRI
- CT abdominal district
- MRI abdominal district
- Digital Systems in Radiology: Use in Clinical Practice

**2005 participates as a student in the professional development in:**

- Abdominal imaging
- Handling and radiological study of a trauma patient
- Advanced course in upper urinary tract endoscopy
- Health and Communication Update for Radiology Technical Staff
- Management of interpersonal relationships with the patient and the family
- XII National Congress FNCVPTSRM
- Diagnostic imaging in emergencies
- Radiation protection and safety in health services
- Professional responsibilities, patient handling techniques and specialist orthopaedic radiological investigations

**2004 participates as a student in the professional development in:**

- Abdominal imaging, hepatobiliary - pancreatic and urinary techniques
- Basic Magnetic Resonance Imaging Course

**2003 participates as a student in the professional development in:**

- Training course for safety in the workplace, ex art.19 comma G D.lgs 626/94
- Listening and helping relationship
- FNCPTSRM National Congress
- Quality assurance program according to Legislative Decree 187/2000
- Healthcare Management

**2002 he participates as a student in the professional development in:**

- Movement and management techniques in work groups
- Rewriting the profession

**2001 participates as a student in the professional development in:**

- Angio RM
- Technological evolution in Radiology CT&MRI comparison

**2000 participates as a student in the professional development in:**

- 10th National TSRM Congress
- Present and future of TSRM

**1998 he participates as a student in the professional development in:**

- TSRM in the hospital network, legal and contractual aspects
- 1st National Conference "Equal Opportunities in the Technical-Health Professions"
- Safety in the hospital

**1997 he participates as a student in the professional development in:**

- Quality Control in Radiology
- New technologies in radiology: what future?
- Professional development days for TSRM

**1996 he participated as a student in:**

- Professional update days for TSRM: Legislative Decree 626/94
- Workers' health and safety
- 3rd theoretical and practical refresher course in breast diagnostics

**1995 he participates as a student in the professional development in:**

- Professional development days for TSRM

**1994 he participates as a student in the professional development in:**

- Osteo-joint and spinal imaging

**1993 he participates as a student in the professional development in:**

- Italian School of Senology Mammography Course
- TSRM in imaging management
- Between codes and sentences
- Diagnosis and therapy in breast cancer, interventional radiological procedures
- Refresher course in radiation protection

**1992 he participates as a student in the professional development in:**

- New radiographic image acquisition methodologies

**1991 he participates as a student in the professional development in:**

- VII National Regional Congress
- 1st Regional Congress
- Imaging in radiology today

**1989 he participated as a student in:**

- VII National Congress TSRM

**Participate as a Speaker:**

**2008**

- Professional Responsibility of the TSRM

**2009**

- Update and Professional Culture UPDATING 09 2.1

**2010**

- Update and Professional Culture: The URO-GENITAL SYSTEM

**2011**

- Evolution of the Profession
- CT Acquisition Protocols
- The Role of the TSRM in the Operating Room

**Istruzione and Training**

**1985**

- School for TSRM of the Local Health Unit n°17 of Carbonia

**2006**

- Master in Coordination Functions in Radiodiagnostics and Radiotherapy at the University La Sapienza of Rome

**Personal skills and abilities**

Of having been President of the College and then Professional Order TSRM-PSTRP of Cagliari/Oristano from November 2006 to November 2022

Of having been part of the Commission of Health Professionals at the Minister of Health as a Member

Of having been part of the Permanent Observatory for ECM at the Sardinia Region as a Member

Of having been part of the Consultation of Professionals at the Chamber of Commerce of Cagliari

Of having been a member of the Board of Directors of the Second Level Scientific Association FASTeR

To be a member of the Scientific Committee of the National ECM Provider MetaSardinia from 2018 to date
