

## **Biomedical Curriculum**

J. Neyts, Catholic University of Leuven, Leuven (Belgium)

L. Lin, Taipei Medical University (Taiwan)

P. Holst, University of Copenhagen (Denmark)

L. Menéndez Arias, Autonomous University of Madrid, Madrid (Spain)

P. Gibbon, Fraunhofer Institute for Translational Medicine and Pharmacology ITMPF

Amado, QOPNA, University of Aveiro (Portugal)

S. Becker, University of Marburg, Marburg (Germany)

M. Buckle, ENS de Cachan, Cachan (France)

J.J. Cerón, University of Murcia, Murcia (Spain)

S. Marcora, University of Kent (United Kingdom)

J. Meyer, University of Saarland (Germany)

J.R. Mitchell, La Trobe University, Melbourne (Australia)

G. Moger, Liverpool Hope University (United Kingdom)

A. Nobrega, Fluminense Federal University, Rio de Janeiro (Brazil)

M. Páez de la Cadena, University of Vigo (Spain)

P. Percipalle, Solna-Karolinska Institutet, Stockholm (Sweden)

M. Piepoli, Imperial College London, NHS Trust (United Kingdom)

R. Vitorino, University of Aveiro (Portugal)

K.G. William, Mulago Hospital Complex, Kampala (Uganda)

## **Human and Animal Biology and Ecology Curriculum**

H. Arrizabalaga, AZTI Tecnalia, Sukarrieta, Bizkaia (Spain)

S. Carboni, ARDTOE Marine Laboratory – Viking Fish Farms Ltd. (UK)

J N. Eynon Victoria University, Melbourne, (Australia)

A. Garcia Charton, Universidad de Murcia, (Spain)

K. Guizien, Sorbonne Universités, CNRS Banyuls sur Mer (France)

G. Maes, Catholic University of Leuven, Leuven, (Belgium)

P. Moral, E. Esteban Universidad de Barcelona, Barcellona (Spain)

E. Nji Abatih, Institute of Tropical Medicine, (Belgium)

K. Mahè, IFREMER Department of Fisheries Resources – Channel/North Sea · Boulogne-sur-Mer, (France).

A. Jadaud, Ifremer, Sète (France)

P. Peristeraki, Centre of Marine Research, (Greece – Crete)

L. Bramanti, CNRS Banyuls sur Mer (France)

G. Tserpes Centre of Marine Research, (Greece – Crete)

I. Thasitis, Fisheries and Marine Research, Ministry of Agriculture, Rural Development and Environment (Cyprus)

## **Drug Sciences**

The Drug Sciences curriculum is part of a European network involving numerous universities across Europe for the awarding of the European PhD joint degree, which includes more than 50 Italian and foreign institutions (<http://www.pehrlichmedchem.eu/index.php?page=network>).

Furthermore, it collaborates with the following researchers and institutions:

O. Diez-Sales, University of Valencia (Spain)

C. Peptu, University of Iasi (Romania)

J. L. Pedraz, University of the Basque Country (UPV/EHU)

M. Matos, University of Santiago de Compostela (Spain)

S. Mura, Université Paris-Sud (France)

T. Langer, University of Vienna (Austria)

K. Kiec-Kononowicz, Jagiellonian University in Kraków (Poland)

G. Klebe, University of Marburg (Germany)

M. Luhmer, University of Brussels (Belgium)

M.D. Mihovilovic, Vienna University of Technology (Austria)

C.E. Müller, Rheinische Friedrich-Wilhelms University of Bonn (Germany)

Many PhD Board members are involved in collaborative projects with multiple international partners as part of international research initiatives. Please, see their personal profiles.
